How to Draw the Elf Pets® Arctic Fox

1a. Start by drawing a cross.

2a. Draw a diamond in the center of the cross.

2b. On the top sides of the diamond, draw two triangles.

2c. Inside the bottom half of the diamond, draw a circle.

3a. Draw a small, upside-down triangle inside the circle for the fox cub's nose.

3b. Draw two ovals for the fox cub's eyes.

3c. Draw a circle and rectangle below the diamond for the fox cub's snow globe.

4a. Using the triangles as guides, draw two curved, round ears.

4b. Using the bottom curve of the circle as a guide, draw a curved "v" for the fox cub's mouth.

4c. Draw the sides of the fox cub's head. Start at the bottom of the left ear and draw a small zigzag line for fur. Then, draw a curved lined from the bottom of the fur to the bottom, center of the diamond.

4d. Repeat step 4c on the right side of the fox cub.

4e. Draw a curved line on top of the circle between the eyes.

4f. Erase all guidelines and lines for the diamond, triangles and circle.

5a. Add zigzag fur lines in the top inside of each ear and along the bottom of each ear.

5b. Add lashes to each eye.

5c. Draw two small circles inside each eye for the fox cub's irises.

5d. Connect the fox cub's ears with a curved line for the top of his head.

5e. Add smile lines.

5f. Draw a small, curved line under the fox cub's mouth for his chin.

5g. Draw a small, upside-down triangle under the fox cub's chin to connect it to the snow globe.

6a. Draw two eyebrows above the fox cub's eyes.

6b. Draw pupils.

6c. Create the fox cub's collar by drawing a zigzag line, connecting the fox cub's head to the snow globe.

6d. Finish the fox cub's snow globe by drawing a heart inside the circle and tiny circles for snow.
