

Winter Pals Face Cutouts

Materials:

- Cardstock
- Scissors
- Tape
- Wooden craft sticks or skewers

Instructions:

Scout elves love dressing up—especially as other fun North Pole objects like snowmen! Using the items above your scout elf will:

1. Print out the photo prop on the next page and cut out the face hole.
2. Use wooden craft sticks or skewers to prop up the page so that he or she can step behind the piece of paper and stick their face through the open hole for a fun photo opp!
