Scrapbook Memories

Materials:

- Scrapbook page template and decorations
- Paper
- Glue
- Scissors

Instructions:

- 1.) From late nights watching movies to wintry days spent snuggling up with some hot cocoa-- your scout elf will want to capture all of the wonderful memories made with your family this Christmas. By printing out The Elf on the Shelf® scrapbook pages and decorations, your scout elf can mix and match to craft miniature scrapbook pages to commemorate all of his or her favorite parts of the trip!
- 2.) After your scout elf leaves on Christmas Eve, your child can look back on this scrapbook when they are really missing their scout elf, or it can be opened to reminisce about last year's fun upon your scout elf's return next season!
