Instructions:

Scout Elves love to sip syrup and thanks to some handy tools, your elf will find an innovative way to do it! To complete this sweet mission your Scout Elf will:

1. Print and cut out the syrup label.
2. Use tape to secure the label to a bottle of syrup.
3. Strap on the Christmas Climbing Boots and secure them to a flat surface. (Helpful hint: the Christmas Climbing Boots work best on smooth surfaces, like mirrors or tile!)
4. Hang upside down and stick a straw into the bottle to take a big slurp of syrup!
