Materials:

- Color printer
- Paper

Christmas traditi

- Scissors
- Tape
- Fabric

- Hot glue gun
- Cotton balls

Claus Couture Collection® Clothing

- Making Spirits Bright Nightgown
- Jolly Jammies

Instructions:

Your elf has plans to create a cozy spot in your home perfect for a Scout Elf slumber party!

- 1. Your elf will start by printing and cutting out the sleeping bags on the next page, or if your elf is feeling particularly crafty, he or she will make sleeping bags and pillows out of fabric following the directions below.
- 2. To make pillows out of fabric, your elf will fold a small rectangle of fabric in half and glue three of the side together.
- 3. Your elf will stuff the fabric with cotton balls and glue the remaining side closed.
- 4. To create a sleeping bag, your elf will fold a rectangle of fabric in half and use hot glue to seal off three sides of the bag.
- 5. To create the book, your elf will fold each book page in half, and stack them on top of each other. The decorated book cover should be the outermost piece of paper.
- 6. Once the pages are stacked, your elf will staple the book along the spine so that it stays together.
- 7. Finally, your elf will put on the Jolly Jammies or Making Spirits Bright Nightgown and settle in for the slumber party!
