Marshmallow Treat Box Recipe:

- Crisped rice cereal
- Butter
- Marshmallows
- Wax paper
- White icing
- Candy-coated chocolates
- Licorice
- Sprinkles

Instructions for Scout Elves:

1. Make a batch of marshmallow squares from the crisped rice cereal package instructions.
2. After mixing the marshmallow squares together, press the mixture onto a cookie sheet until it's approximately $\frac{3}{4}$ inches thick.
3. After the mixture cools, cut the entire batch into equal-sized squares (approximately $2\frac{1}{2}$ inches by $2\frac{1}{2}$ inches).
4. Use white icing to "glue" 5 squares together into a box shape with no top, and fill it with candy-coated chocolates.
5. Place the last marshmallow square on top of each box.
6. Finally, to make each box as pretty as a present, use icing, candies and sprinkles to create "ribbon." Then, use licorice and icing to place a "bow" atop each present and leave them for your family to find!
