

Nice-O-Meter

Materials:

- Color printer
- Paper (1 piece of printer paper and 1 large piece of red construction paper)
- Scissors
- Tape or glue
- 1 brad
- Hole Puncher

Scout Elves at Play™ Tools

- Scout Elf Message Cards
- Glacier Grips

Instructions:

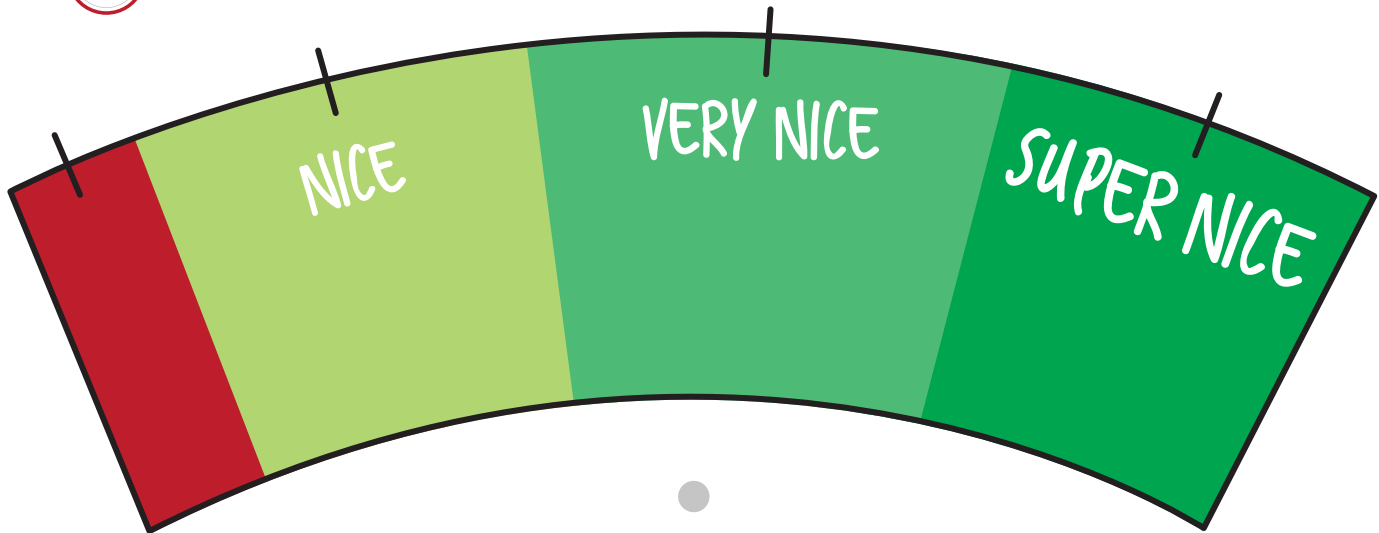

To track all the Christmas spirit your family's collecting by performing good deeds, your scout elf will:

1. Print out this official North Pole Nice-O-Meter and arrow on printer paper, and cut them out along the solid lines.
2. Mount the Nice-O-Meter on a piece of large red construction paper with tape or glue.
3. Use a brad to attach the arrow to the Nice-O-Meter.
4. Punch a hole in the top of the construction paper and use it to hang the Nice-O-Meter from a Glacier Grip (helpful hint: Glacier Grips work best on smooth surfaces, like mirrors or tile).
5. Sit next to a Scout Elf Message Card inspiring you to do kind deeds, and hold onto a pen so that you can cross off all the nice tasks your family completes this holiday season!
