

Prepare for Landing

Materials:

- Paper
- Paper Plane Printable
- Christmas Tree

Instructions:

1. To stage an awesome airplane entrance, your Scout Elf will start by folding a piece of 8 ½ x 11 paper in half long ways, creating a crease, and unfolding the paper.
2. Then, your elf will fold both top corners down so that they meet along the first crease and keep them folded.
3. Next, your elf will fold the corners in so that they meet along the first crease once again.
4. Your elf will keep all corners folded down, and fold the plane in half along the original crease.
5. Finally, your elf will fold each side—or wing—of the plane one more time, near the dotted line shown in the diagram to the right.
6. Now your elf is ready to swoop in for a landing!
