

Soft Landing

Materials

- Bubble Wrap
- Scissors
- Tape

Instructions

1. To begin, your Scout Elf will find some bubble wrap, scissors and tape.
2. Next, they will wrap themselves (and their cute little hat) in bubble wrap and tape it at the end to keep it in place.
3. Lastly, they will find some stairs or even just a good spot on the floor to make it look like they've made a "soft" landing from the North Pole!
