

Magical Letters

Materials

- Color printer
- Copy paper/card stock
- Printable
- Scissors

Instructions

1. Your Scout Elf will begin by printing, cutting out and setting up the printable where kids will find it.
2. Then they will encourage kids to write their own magical letter that your elf will take with them to the North Pole!
3. For extra cheer, your Scout Elf pal may bring the [Scout Elf Express Delivers Letters to Santa®](#) to make letter writing even easier!

I've written this message, a special poem
I wanted you to see!
After you read it, you'll write your own,
then leave it here next to me.

Your hopes and wishes will dash right off
to Santa Claus later tonight.
He'll look at your note, give a wink and a nod,
making sure it sounds just right.

We'll try our hardest to make all your dreams
and wishes for others come true.
The North Pole's enchanted but don't you forget:
Christmas magic begins with YOU!
