

Chain of Cheer

Materials

- Printable
- Scissors
- Colorful paper strips
- Adhesive dots or tape

Instructions

1. This craft can be used in two ways. Your elf will begin by deciding if you'll count down or up to Christmas Eve!
2. Your elf will print and cut their Santaverse friends' faces and put one up for each family member.
3. If you are counting down to Christmas, you or your elf will attach 24 paper strips, in an alternating pattern, to each face. Each morning, you will remove one strip until Christmas Eve, when the face is all that remains!
4. If you are counting up, you or your Scout Elf will add one paper strip every day until Christmas Eve, with the chain becoming longer each day!
